

Tempest 3 (T3) Charging or Total Loss Ignition Kawasaki SXi / SXR

The Tempest 3 (T3) Ignition from Advent Ignitions is the leading edge in ignition technology. The T3 Ignition was designed to include all the features and capability you could ever wish for in a performance ignition.

If the ignition doesn't do its job, nothing else under the seat matters. The T3 Kawasaki SXi / SXR Ignition is the most complete and reliable solution to engine control. The T3 SXi / SXR Ignition brings together a high output energy ignition, multiple performance advance curves and rev limiter in a single product. With the Advent T3 SXi / SXR Ignition on your team, you can pull ahead of the competition.

Features List

- Operates as a charging or total loss ignition
- No power ON/OFF switch required
- 550% (5 ½ times) more spark energy than the stock ignition or MSD Enhancer
- Head pipe and stinger water control channels built-in; both are fully programmable
- Over-temperature control limits engine RPM to safe level
- Four user selectable ignition advance curves*
- User adjustable Smooth Rev Limiter from 6400 to 9600rpm in 100rpm increments
- Advance curves can be re-programmed with other Advent curves or custom curves
- Water control RPM settings can be re-programmed for custom settings
- Uses OEM connectors for 'Plug & Go' installation
- Uses stock flywheel & pickups
- No special tools or adjustments required

Engine Compatibility

The Tempest 3 Sxi / SXR Ignition is designed for use with all model years.

Specifications

Rev Limiter:	5900 – 9000 RPM in 100 RPM increments with smooth action rev limit
Head Pipe water:	On RPM: 1200 – 2700, Off RPM: 1300 – 9000
Stinger Pipe water:	User settable at 4000, 4500, 5000, 5500 RPM's
Over-Temperature:	Limits engine to 3000 RPM
Spark Energy:	5 1/2 times more than stock ignition or MSI Enhancer
Advance Curves:	4 built-in user selectable performance curves*
Curve Fitting:	Each curve is comprised of 33 separate points for smooth, accurate timing
Enclosure & Connect:	Exact replacement case, installs and connects same as OEM ignition

*Specify engine compression, exhaust system type, fuel type and riding style when ordering. Your ignition will be shipped with a curve set (4 curves) that provides you with a range of curves that suit your needs.
