

Tempest 3 (T3) Kawasaki ZXi, STX, STX-R Race Ignition

Advent Ignitions, Inc. now offers an Ignition for the Kawasaki ZXi, STX, STX-R 1100/1200 engines. Advent is the only company to design ignitions specifically for these engines. With the need for a performance ignition for new GP class stand-up conversions we are releasing this ignition to all riders. And like all of our T3 ignition models they utilize all stock engine parts including flywheel, stator, and trigger pickups.

This ZXi/STX/STX-R Ignitions also includes the remote curve selection switch port. With the optional Remote Switch Box you can change the curve settings when the electrical box is sealed.

The Advent 1100ZXi / 1100STX Ignition is are plug and go installations. The 1200STX ignition includes a wiring harness to install the ignition.

Don't waste your money with ignitions which require you to spend hundreds of dollars more to buy a replacement flywheel and trigger pickups that add nothing but cost to your boat and require more than a full day to do the installation.

Features List:

- Fits all model years of the 1100ZXi
- Fits all model years of the 1100STX
- Fits all model years of the 1200STX-R
- Operates as charging or total loss
